31	PININFARINA COLLECTION
55	COORDINAMENTO STILISTICO / <i>style coordination</i>
89	MATERIALI E FINITURE / <i>materials &amp; finishes</i>

## SEGNO COLLECTION

Pininfarina Segno è un sistema integrato di Living parte del progetto Reflex/Pininfarina Home Design.

Pininfarina Home Design rappresenta un viaggio per esplorare scenari fino ad oggi ignoti. Un viaggio nell'Ambiente Casa, nel quale sono stati uniti per la prima volta l'heritage Pininfarina nel furniture design con l'innovativo stile architettonico e d'interni della design house italiana. Per immaginare e realizzare soluzioni d'interni con un carattere unico, essenziale e distintivo, nel quale la progettazione dello spazio si sposi naturalmente con la personalità degli arredi. Per dare vita ad esperienze nelle quali l'estetica e la funzione si integrano. Per dare forma a degli spazi pensati per lo stile di vita contemporaneo.

Un viaggio fatto di design, innovazione, sartorialità, lusso, stile italiano. Un viaggio per suscitare emozione e creare valore.

Pininfarina Segno – un sistema integrato di Living Reflex e Pininfarina presentano in anteprima il primo sistema integrato di Living, che include un divano componibile in diverse soluzioni, un tavolo, un cabinet, una libreria e due sistemi di illuminazione. La Collezione è caratterizzata da linee pure ed eleganti, da forme dinamiche che evolvendo nello spazio danno vita a nuove funzioni. L'utilizzo del rame è un ulteriore trait d'union che, combinato al noce canaletto, conferisce un carattere unico e distintivo alla Collezione.

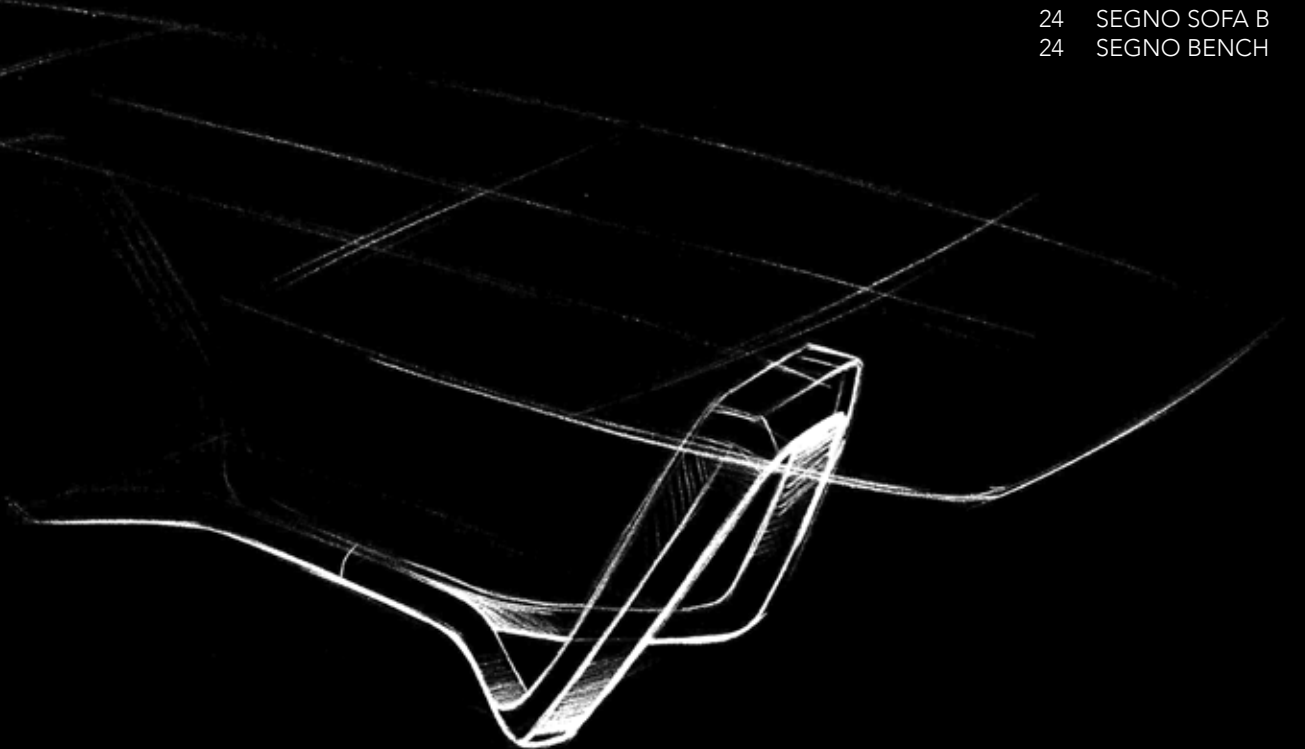

*Pininfarina Segno is an integrated Living system, part of the Reflex/Pininfarina Home Design project.*

*Pininfarina Home Design represents a journey in exploring new scenarios. A journey into the Home Space in which, for the first time, Pininfarina's heritage in furniture was combined with the innovative style in architecture and interiors of the Italian design house. To imagine and realize solutions for interiors with a unique and distinctive character, in which the design of the space naturally marries the personality of the furniture. To give life to experiences in which form and function are integrated. To give shape to spaces conceived for a contemporary lifestyle. A journey made of design, innovation, custom-tailoring, luxury, Italian style. A journey to raise emotion and to create value.*

*Pininfarina Segno – an integrated Living system Reflex and Pininfarina present in preview the first integrated Living system, that includes a modular sofa, a table, a cabinet, a bookcase and two lighting systems. The Collection is characterized by pure and elegant lines, by dynamic shapes that evolving in the space give shape to new functions. The use of copper is a further trait d'union that, combined with the walnut Canaletto wood, confer a unique and distinctive character to the Collection.*
