## RESPIRO

Respiro è ciò che genera la vita e la alimenta, rimanendo intangibile e sottinteso in tutte le cose. Respiro, essenziale per la vita, è ritmo e dinamismo, quello che si crea tra un oggetto e l'altro, tra un oggetto e chi ne beneficia e tra oggetto e spazio circostante.

Il respiro è anche una questione di equilibrio, dando allo spazio la capacità di trasmettere un senso di benessere, di relax, una sensazione che abbiamo voluto ricreare in tutte le aree della casa.

L'attenta ricerca di equilibrio tra materia e forma, tra passato e contemporaneità riportano immediatamente ad ambienti simbolici e meditativi. Pieni e vuoti come diaframmi che ossigenano lo spazio circostante e che trovano la loro espressione e preziosità nei metalli, nelle essenze legnose, nei marmi, così come nella pietra, nel cuoio, nelle lane e nelle raffie ed introducono ad una sensazione di natura in un accordo armonico privo di ridondanza. L'artigianalità è il valore su cui Visionnaire continua a puntare per distinguersi: prodotti con contenuto tecnico sintetizzato in un linguaggio di forte personalità. E se da sempre l'Italia ha rappresentato l'elemento ispiratore per le collezioni, dalla storia dell'arte, al cinema, alle arti visive in generale, quest'anno la direzione creativa guarda con un sapiente e raffinato mix anche ad Oriente.

La palette cromatica attinge alle tonalità dei colori della terra e delle foreste, rendendo così l'elemento naturale il vero protagonista. Una natura simbolica che quest'anno viene suggerita dalla presenza di bambù, emblema di rinascita e potenza energetica.

Una proposta lusso, quindi, che non coincide più solo con l'oggetto di pregio, ma che trova nell'ambiente multisensoriale, nel benessere, nella forza immaginativa e nella convivialità, la risposta all'evoluzione di un mercato in continua trasformazione. Un'eclettica proposta che abbraccia il progetto domestico nella sua interezza: dallo spazio architettonico al più piccolo dettaglio d'arredo. Una soluzione ancora una volta personalizzata, interprete dei sogni e delle aspirazioni di una clientela internazionale alla ricerca di progetti "full home design" ed esclusivamente fatti su misura.

## BREATH

"Respiro" is about seeing what remains unseen, and marks the beginning of everything. "Respiro", as the basis for life, refers to the rhythm and dynamism that exists between objects, between the object and user, and between the object and the surrounding space.

At the heart of "Respiro" lies the aspiration to strike the perfect balance within a space, fostering an oasis of serenity.

The assiduous search for balance between material and shape, between past and present, results in a thoughtful and meditative space. Each piece, like breath oxygenating a space, find their expression in metal, wood and marble, in stone, leather, wool and raffia, ushering in the sensation of nature in harmonious arrangement, devoid of excess. Exquisite craftsmanship remains the defining value upon which Visionnaire stands: products with technical content executed with style and a strong personality. Though Italy's rich history of art, cinema and the visual arts have always provided a deep well of inspiration, this year the creative direction also turns to the East, creating an elegant and refined mix.

The colour palette draws from the nuanced tones of the earth and forests, rendering the natural element the true protagonist, and this year, bamboo provides the symbolism of rebirth and potential energy.

A luxury offering, therefore, that no longer exists only as an object of merit, but which finds, in the multi-sensory experience a well-being, an imaginative strength and conviviality. In response to the continually evolving market, the collection provides an eclectic selection able to transform any project in its entirety: from architectural elements to small furnishing details. A bespoke solution custom designed to interpret the dreams and aspirations of an international clientele in pursuit of a complete home design and exclusively made-to-measure projects.

# RESPIRO

“呼吸”(Respiro) 就是指领会一些看不见的东西, 以及在每件事情的开端留下记号。“呼吸”(Respiro) 作为生命的基本要素, 指的是物体之间、物体和使用者之间和物体和周围空间之间存在的节奏和活力。在“呼吸”(Respiro)的深处藏着在一个空间内达到完美平衡的愿望, 并培育一个平静安详的绿洲。

努力寻找物质和形状之间、过去和现在之间的平衡, 带来静思和冥想的空间。每一件作品, 正如在一呼一吸之间使周围空间充满氧气, 在金属、珍珠和大理石、石头、皮革、羊毛和酒椰中找到它们的表达方式, 并将自然的感觉带入和谐的协调之中, 不多不少。精湛的工艺是Visionnaire不断追求并独树一帜的价值—即生产具有强烈个性、富含多种技巧的产品。虽然意大利在艺术、电影和视觉艺术上拥有的浓厚历史一直带来丰富的灵感元素, 今年的创意方向却转向东方元素, 打造一个优雅和精致的组合。整体色调汲取了大地和森林的颜色, 从而使自然元素成为真正的主角, 而今年采用的竹艺象征着重生和潜藏的活力。因此, 如此奢华的出品不再仅仅是具有价值的东西, 而是能在多重感官体验中发现福祉、想象力和欢乐。面对持续变化的市场, 该系列提供一个兼收并蓄的选择, 从而能够在任何的设计项目进行整体上的转变—从建筑元素到最小的装饰细节。量身定制的解决方案能诠释国际客户的梦想和愿望, 就是寻求十全十美的家居设计和专门的量身定制项目。

# RESPIRO

Идея «Respiro» – в том, чтобы разглядеть то, что остается недоступным глазу, чтобы обозначить начало всему сущему. Само слово «Respiro», то есть «дыхание», относится к ритму и динамике, возникающим между разными объектами, между объектом и пользователем, между объектом и окружающей средой. В основе концепции «Respiro» лежит стремление добиться идеального баланса в пространстве, создать оазис безмятежности. Неослабный поиск равновесия между материалом и формой, прошлым и настоящим, порождает среду, способствующую размышлению и созерцанию. Подобно дыханию, насыщающему кислородом пространство, каждый предмет коллекции обретает воплощение в металле, дереве и мраморе, в камне, коже и рафии, рождая ощущение гармоничного устройства мироздания, чуждого крайностей. Превосходное качество исполнения остается основополагающей чертой Visionnaire: изделия с техническим контентом выполнены со стилем и яркой индивидуальностью. На протяжении всей богатой истории искусств в Италии кинематограф и изобразительное искусство всегда служили неисчерпаемым источником вдохновения для творчества, а в этом году внимание дизайнеров также привлек восток, что позволило создать элегантный и изысканный коктейль. Цветовая гамма коллекции опирается на богатые оттенками тона земли и леса, превращая природу в полноценного героя повествования; в этом году в качестве символа возрождения и потенциальной энергии выступает бамбук. Таким образом, предлагаемые изделия из обычных объектов роскоши превращаются в оживляемое силой воображения воплощение благополучия и праздничного настроения. В соответствии с запросами непрерывно развивающегося рынка, коллекция предлагает эклектичный выбор товаров, позволяющих полностью изменить лицо любого проекта, начиная с архитектурных элементов и заканчивая мелкими деталями мебелировки. Решения под заказ воплощают в себе мечты и пожелания клиентов со всего мира, желающих достичь завершенности дизайна интерьера и реализовать эксклюзивные индивидуальные проекты.
